

No Iffs or Butts about the quality of PRP's colt.

Secured from this year's Tattersalls Craven Breeze Up Sale, three-year-old Iffraaj colt Greg Fri (IRE) is due to touch down in Singapore in August, and all at Premier Racing Partnerships could not be more excited about his future prospects.

Out of the Group Three winner She Bat (GB) and a half-brother to four stakes performers, the colt boasts a pedigree littered with black-type performers including juvenile speed through Australian two-year-old stakes winners Cruden Bay, as well as one of Hong Kong's most consistent Group One performers of the current season in Packing Whiz, who was known as Al Rep when he raced in Ireland.

Ecstatic to have been able to purchase the colt, PRP's Managing Director and Bloodstock Specialist Wade Burrige described the colt as, "An absolutely superb athlete with a lovely loose walking action."

"He is from a really nice pedigree and being a half-brother to three stakes winners as well as a Group Two performer, we are really excited about his prospects in Singapore and feel he will be a force to be reckoned with."

Only last week at one of the world's most famous race meetings – Royal Ascot, Iffraaj was in the news as his four-year-old daughter Rizeena secured her second

Group One victory, proving too good for her opposition to win the time honoured Coronation Stakes by three parts of a length.

"An absolutely superb athlete with a lovely loose walking action."

Also the sire of one of Europe's leading three-year-old sprinters in the Group Two winner Hot Streak, that impressive colt recorded a very good third in Tuesday's Group One King's Stand Stakes

to add to his career record of eight top three finishes from nine starts to date.

As the sire of almost 50 stakes performers highlighted by three individual Group One winners which includes Chriselliam, a Breeders Cup Juvenile winner, Iffraaj was a record-breaking first-season sire of his year, producing 38 individual winners – more than any other European freshman sire before or since!
